The DIMMER VIEW

by Max Goodwin

View From Afar

Few people get an objective view of their own church.

So many emotions are involved — at all levels and about many things not even remotely involving religion — that almost every member of a given congregation will have a little different picture than that of his fellow-pewman. It is then, with interest, that we offer an "outsiders" description of a local church.

Jon Alan Johnson , writing a few days ago in NEWS PULSE, the weekly newspaper of the Southern California-Arizona Conference of the United Methodist Church called the service at the Lemon Grove United Methodist church an "unusual one." He said he had been a drop-in visitor.

Expressing pleasure with what he saw and heard, Johnson related that "the service began routinely enough with the choral introit echoing through the new, modern sanctuary (at Washington and Golden). Four robed acolytes led the procession and lit the candles as the choir took its place.

"That was about the only traditional thing that happened!," he said.

"The minister, the Rev. Thomas Parnell Warmer, asked ushers to distribute notepaper and pencils to be used later in the sermon.

"Then everyone was urged to shake hands with his pew neighbors. Mr. Warmer stepped from the pulpit and did likewise. So did members of the choir. Soon, dozens of people were walking about, greeting others and chatting amiably. The friendly, relaxed mood was contagious.

"Then the pastor called up the children who flocked around him on the floor at the pulpit and he answered their questions about communion which was to be part of the service this day. The children loved the attention and the rest of the church-filling congregation continued with its conversation or listened to the dialog.

"The scripture lesson was short and in modern English. The pastoral prayer was succinct and pointed in 30 seconds.

"Mr. Warmer spoke about the problems of suicide. He instructed members on procedure when facing a potentially suicidal person; how to recognize the tendency and how to evaluate its seriousness. The message was timely since a family in the community had just gone through the tragedy of a suicide. Virtually everyone in the congregation took notes with the materials supplied earlier.

"The Sacrament of Communion concluded the service with several laymen from the congregation assisting the minister. As each worshipper finished his meditation and left the altar, he left the service. There was no benediction; no closing hymn.

Johnson concludes with " . . . free form worship services are nothing new and there must be many churches where an honest, friendly relationship exisits between the pastor and his people, one that comes through during the worship service even to a visitor.

"What is indeed a delight is to discover such a church entirely by accident."

IRS May Have $$$ For You

Once in a while good news comes from the Internal Revenue Service.

Earlier this week the bureau released a communique to the press asking for help in finding 7677 Southern California taxpayers.

No, the bureau hastens to point out, that is not the reason.

It's because IRS has $869,708 in 1967 Refund Checks, for which it can find no owners. At least it didn't or couldn't get them delivered.

One check is for $63,353.37. Others are as small as $1.

We have sent IRS a request for the names in this area who are said to have the money coming. When it comes we'll publish it.

We hope yours is in the list — and we hope yours is the one for $63,353.37.

L.G. Man Found Guilty In Christmas Slaying

SAN DIEGO (CNA) — William Leo Lajeunesse, 43, 1817 Dartmoor st., Lemon Grove, was found guilty Monday of voluntary manslaughter in the shooting death of George Sidney Weir, 36, of Lakeside.

Lajeunesse, known as Frenchy, applied for probation and the hearing was set by Superior Court Judge George E. Bryans for April 7. There will be the question of whether probation can be granted because of the use of a deadly weapon.

The shooting occurred on Christmas Day after the two men, both workers at National Steel Co., had fought briefly in the living room of Lajeunesse's Lemon Grove home.

According to testimony, after the men broke apart, Lajeunesse ran into his bedroom and got a .38 caliber pistol and returned to the front room and shot Weir three or four times, wounding him fatally.

Weir had by that time reached and was holding a loaded .22 caliber bolt action rifle.

Deputy District Attorney John Hewicker pointed out that no matter what Weir was doing with the rifle, Lajeunesse did not have to return to the room.

There was conflicting testimony as to where Weir pointed the rifle, but this may not have been a major factor in the decision of the judge.

Voluntary manslaughter carries a prison term of from one to 15 years.

Hospital Trustee

Pistol Kills Homer Streich

Homer Streich, 76, a member of the Grossmont Hospital board of directors, shot and killed himself at his home Saturday.

Streich, a charter member of the hospital board, was found by a friend. He had shot himself in the head with a .38 caliber pistol. He lived at 5061 Harmony lane in La Mesa.

Streich had been worried about his failing health and eyesight.

His suicide leaves the five member hospital board two members short.

Streich, a windower for 30 years, was elected to the original board of directors of the hospital in 1952. He was defeated for re-election however, but he was appointed to the board again when his successor resigned after less than a year of service.

He spent much of his time visiting the hospital and he was a favorite with the hospital's nurses.

At one time, Streich actively opposed an $8 million construction bond issue because "local taxpayers would have to foot the entire bill."

Lemon Grove Fire Routs Family of 8

A family of eight is homeless this week after fire destroyed a two bed-room home Sunday.

Mr. and Mrs. Scott Parker, and their six children ranging in age from four months to six years, lived at 3530 Main st., near North, in Lemon Grove.

Mrs. Parker was awakened before six o'clock Sunday morning by the smell of smoke. She discovered the entire front of the house in flames, members of the L.G. Fire Department said.

She awakened the family and shoved some of the youngsters through a window of the one-story house. By the time firemen arrived the house was engulfed in flames but the family was out.

Two of the children and Mrs. Parker were treated for minor burns at Grossmont hospital and released.

The contents and the house were destroyed. The Parkers salvaged nothing except the clothes they wore. The house belongs to Angel B. Gonzales who told firemen the loss would exceed $10,000.

BULLETIN

Everything the Parkers owned was destroyed in the fire.

They are presently living with relatives who have four children of their own.

A place to live — and clothes, food, and appliances are needed.

Service clubs will be asked to give aid in getting the family going again.

The Lemon Grove Soroptimist Club will head up a rehabilitation project for the Parkers, Dr. Amorita Treganza said today. She may be reached at her office at 7898 Broadway, or by phone at 463-0253.

Items for the Parkers may be left at the L.G. Fire Station on Central ave.

Two engine companies with crews totaling 23 firemen brought the blaze under control, but not until the fire had spread to the interior of a nearby house.

Fire Marshal Ray Carmody is investigating.

Assistant Chief Fred Dixon said at press time, there was no indication as to the cause of the fire.

SYSTEMATIC INSTRUCTION — Bruce Gilley (left) and Sarah Hartley (second from left), residents of the Home of Guiding Hands in Lakeside, are given instruction in use of a switchboard, presented to the home by a group of veteran Pacific Telephone employees. Helping the children is Joe Labrincha of Lemon Grove, a telephone man, who rewired the board for the home's use. At right is William T. Gray, school administrator, who accepted the equipment from the San Diego-Imperial Council of the Telephone Pioneers of America.

Switchboard Gift To Aid Guiding Hand Youngsters

LAKESIDE—Sharper minds controlling more nimble fingers.

That's the goal set by administrators for Home of Guiding Hands students who will employ a refurbished telephone switchboard in achieving that aim.

The switchboard was given to the school recently by a group of veteran Pacific Telephone employees during ceremonies at the Lakeside school.

Mrs. Pearl Hicks, community services chairman for the San Diego-Imperial Council of Telephone Pioneers of America, presented the communications equipment to the school, which was represented at the ceremony by its administrator, William T. Gray.

The school, or home as school officials choose to call it since the students actually live on the premises, is geared to assist in the rehabilitation of mentally retarded persons ranging from three years to adulthood.

The telephone equipmen will be used, according to a school spkesman, to breakdown communications barriers among students and to increase their manual dexterity

Approximately 75 students will use the equipment on a rotational basis and the switchboard and attached phones wil get even a greater use as the home expands.

The need for a switchboard was outlined to Mrs. Hicks by school officials after she volunteered the Pioneers' help to the 18-month-old home.

Although not a Pioneer (2 years service with the telephone company is a basic requirement) Joe Labrincha of Lemon Grove, a company deskman, volunteerd to convert a switchboard to classroom use.

The board, obtained from a company facility in Los Angeles, had been intended for use as dial system and had to be converted to a manual set-up.

Labrincha estimates that he alone spent close to 40 hours during evenings in rewiring the board and in placing casters under it to make the equipment mobile.

The board is now equipped to handle eight phones, which will be stationed around the classroom for student use. Children also will be trained in operating the board, which, according to school officials, will increase their manual dexterity.

He added that the board and telephones will be effective in breaking down communications barriers since students at the school are often reluctant to speak to each other face-to-face, but are willing to converse over the telephone.

Meanwhile, 49 new subscribers to this newspaper boosted to 1,580 the number of families who are taking part in a subscription-aid project for the Home of Guiding Hands.

Part of the proceeds from every subscriber is being passed on the Home for a landscape project.

Officials Plan Curriculum For New La Presa School

An educational program is currently being developed for La Presa Junior High School, the fourth junior high school in the La Mesa-Spring Valley School District, according to Glenn E. Murdock, superintendent of schools. The school is under construction on Leland street in Spring Valley.

According to Murdock, the new school's program will incorporate modern practice and also conform to the framework for the district's existing junior high program.

Murdock said Roy Williams, designated principal, and Dr. K. Boyd Lane, director of curriculum, are cooperating in developing a program for a school plant which is of modern design built to house an educational program based on new instructional techniques.

Other staff members for the new school, who will be identified in the near future. will be involved in further developing and implementing the program.

In a report to the Board of Education, William said four groups of students will be assigned for a large portion of the day to a basic education team working in a large instructional area equivalent in size to four traditional classrooms. These areas surround a library facility. Conference rooms and the administrative unit are also included in this building facility.

Teachers in each team are to develop and conduct instruction in English-social science, mathematics, and science-health, Williams said. They are also responsible for program development and scheduling of students. Large group-small group instruction is anticipated.

Williams said that because of the flexibility of space, scheduling and teacher assignment, more emphasis can be given to meeting individual student needs.

Instructional aide time will be provided. Plan also calls for a resource team including a librarian, nurse, counselor and vice principal to work closely with each basic education group.

Special teachers, including homemaking, industrial arts, art and music teachers, are expected to coordinate their teaching with that of the basic education team.

Murdock said Williams has visited feeder elementary schools to talk with staff and parent advisory groups and review elementary school programs. Williams has also consulted with the central office staff, principals, and officials from educational and profes sional organizations, and has met with the Junior High Study Council and other groups.

Initially, school plant will include the academic facility, a homemaking room, industrial arts-arts and crafts facility, adaptive physical education room which will temporarily house all music classes, and the P.E. locker rooms.

Future construction will include science and music rooms, additional classrooms and a multipurpose room.

Editor To Get Freedom's Award Monday

A George Washington Honor Medal will be awarded Monday to Max Goodwin, editor of this publication. It will be presented by the Women's Division of the San Diego Chapter of Freedoms Foundation at Valley Forge.

The presentation will be made to Goodwin, and several others, at a luncheon in the Mission Bay Room of the Bahia Hotel, Mission Beach. Dr. Kenneth Wells, Freedoms Foundation president will fly here from Valley Forge to make the awards.

Goodwin's national award was made for an editorial he wrote last year opposing the use of local, tax-supported college campuses by those who advocate the cause of Communism.

The editorial was chosen by the 1968 National Awards Jury at Valley Forge last summer but the announcement was made late last month.

Bank Changes Hours Again

"Bank of America's Lemon Grove branch will extend its Friday hours to more aptly serve the community," Al Woods, branch manager said today.

Woods said new hours of operation on Friday will be 8:30 a.m. to 8 p.m. Monday through Thursday hours are also altered slightly. These hours are 8:30 a.m. to 5:30 p.m.

"The hours change is an experiment on the bank's part to more suitably fill the banking needs of the community," the manager said.

Rains Cut Water Cost

SAN DIEGO — Heavy rains during the winter season will decrease the purchase of water during the coming year by about $3 million from the Metropolitan Water District of Southern California, the San Diego County Water Authority reported this week.

Directors of the Authority were told at their last Board Meeting that the dams and reservoirs are now at 37% capacity due to an extra 130,000 acre fee from rain run-off. This is the largest quantity of "free" water from rainfall since 1947 when the storage system held 286,000 acre-feet. The present total is 263,915 a/ft. (An acre-foot is one foot of water covering one acre).

Burning Prohibited Next Month

If you're planning to burn weeds, trash, or those old tree branches, you'd better do it before April 15.

On and after the 15th it will be strictly illegal to burn anything — including the burning of material in an incinerator, according to Lemon Grove Fire Marshall Ray Carmody.

The local fire department will not issue permits for burning beyond the deadline date, he said.

He suggested that residents plow or disc weeds under while the earth is still damp and soft, or to burn them before April 15.

He also recommended that weed killrs be used to stop growth.

Violaters will be cited under an ordinance that has been passed by the County Board of Supervisors. He noted specifically that all incenerator burning is also banned.

It's part of the new smog control law, he said.

However, in Spring Valley burning regulations will remain unchanged, according to Stan Mourning, S.V. Fire Marshal.

Present regulations are now up for change until July 1, he said.

School Trustees Defer Tax Decision One Week

The Lemon Grove School Board deferred one more week coming to grips with two tax issues.

One, an override tax, would increase the present $1.99 override tax for school operations enough to raise an additional $200,000 in revenue. Of the total, $170,000 would be earmarked for raises leaving $70,000 for school program improvement.

Also deferred was the decision on a bond issue by which more classrooms would be built. This need is created by a revitalized residential building spurt under way in the district.

Reason for the deferment is that Monday's meeting was a rescheduled meeting. Some question as to the legality of approving taxing issues on other than a regularly scheduled board meeting had been raised. Legal or not, the Board instructed Superintendent Byron Netzley to re-schedule the issue for the meeting March 24.

Netzley told the Board Monday that there could be no raises in teachers' salaries without an increase in override or unless a substantial increase in State revenue was forthcoming. There is no indication as to what the State would do, he added. He also suggested that deferring the election until late in the year would give it a better chance to pass.

Trustee Tom Higdon seemed distressed that postponement was considered. "If there is going to be a raise in taxes, we should let property owners know about it now," he said.

Trustee Bob Sjogren questioned the split of $170,000 for teachers and only $70,000 for students. "It seems off balance," he said.

Business Manager Paul Reynolds said the district ought to deal realistically with the State funds matter. "Once it was 50-50 but it is now 35 65." 65% of school costs is now levied against local properties.

Sjogren added "there appears to be no argument about the need for more funds. But I think it politically unwise to call an election for early summer," he said.

Missionary Conference Closes At Casa de Oro Baptist Church

The annual General Baptist Missionary Conference at Casa de Oro Baptist Church closed last weekend. Rev. George Tillman, missionary from the Philippine Islands, gave a stimulating message to the men who came to enjoy the breakfast on March 15 at 6:30 a.m.

Rev. Richard Varberg, also from the Philippine Islands, spoke at the morning service March 16 and then was a guest for dinner at Pastor Anderson's home along with college youth. This was an opportune time for the young people to get acquainted with the missionary and also ask questions.

At 5.30 p.m. the three youth groups met at church for a supper, together with Miss Betty Person, missionary nurse from Assam, India as guest.

Miss Person gave a short message to the young people, after which all joined in the evening service at 7 p.m. and Miss Person again spoke and showed pictures.

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

What are the Spanish names for the rooms in a home? In most homes there are usually "la cocina" (the kitchen), "el comedor" (the dining room), and "la sala" (the living rom). Also, there are "la alcoba" (the bedroom) and "el cuarto de bano" (the bathroom).

"La cocina" is the name given to the room where the action "cocinar" (to cook) takes place. Thus we may say "La cocina es para cocinar." for "The kitchen is for cooking."

"El comedor" is the name given to the room where the action, "comer" (to eat) takes place. An example of a phrase to demonstrate this is found in "El comedor se usa para comer." which means "The dining room is used for eating."

"La alcoba" does not have a related verb to identify the activity or purpose of the bedroom. The principal purpose of the "alcoba" is "dormir" (to sleep). Thus we may say "La alcoba es para dormir." which means "The bedroom is for sleeping."

'El cuarto de bano" has the related verb "banar." A phrase which includes the room name and the principal purpose of the room is found in the phrase "El cuarto de bano es para banar." which means "The bathroom is for bathing."

"La sala" is an important room also. It's purpose is identified in the phrase "La sala es para recibir visitas." which means "The living room is for receiving visitors."

See how many phrases you can make with "La cocina, el comedor, la alcoba, la sala, and el cuarto de bano." An example of how these words may be used is given in the practice phrases below. You can practice them with the recorded voice when you dial 276-2762 on your telephone. The voice will say each word and pause long enough for you to say the same word. Then the voice will say the complete phrase for you.

IMPORTANT PHRASES

Say "Donde comemos?" (D O H N-d e h koh-MEH-mohs)
for "Where do we eat?"
Say "Comemos en el comedor." (koh-MEH-mohs ehn ehl koh-meh-DOHR)
for "We eat in the dining room."

USEFUL PHRASES

Say "Dorminmos en la sala?" (d o h r-M E E-mohs ehn la SAH-lah)
for "Do we sleep in the living room?"
Say "No, dormimos en la alcoba." (noh dohr-MEE-mohs ehn la ahl-KOH-bah)

OTHER PHRASES

Balboa Park To Be 5th Graders' 'Room' In 4-Day Program

Fifth graders in Mr. Moss's room at Avondale Elementary School, Spring Valley can participate in a pilot program to use Balboa Park as an educational center.

In a letter to parents Principal Donald R. Barnes said children who take part in the Avondale 4-day program March 25, 26, 27 and 28 are being offered a "unique and valuable educational opportunity."

A group of approximately 120 children will take part each week in an instructional program centered around the resources in Balboa Park.

Participating children will be divided into small groups. Visits will be made to the Aerospace Museum, Fine Arts Gallery, Museum of Natural History, San Diego Zoo and other areas of the park.

Strong emphasis will be placed on intergroup relations and citizenship development. Schools chosen to participate were selected to provide a well-balanced and well-integrated ethnic grouping.

This program is made possible through use of federal funds from the Elementary and Secondary Education Act of 1965, Title III.

New Rule Book Ready Soon For State Drivers

Applicants for California drivers licenses will soon be studying rules of the road from a totally new "California Driver's Handbook." The Office of State Printing is turning out 2.8 million copies — nearly a year's supply.

The Handbook replaces the "Vehicle Code Summary" which has been available to California motorists for three decades at Department of Motor Vehicles offices.

Director of Motor Vehicles Verne Orr describes the 48-page illustrated booklet as "condensed, simplified, more attractive, and organized for easy reading and reference."

"Nearly all the important information which used to be in the 64-page Summary is now found in the 48 pages of the Handbook," he said.

Including 50 illustrations — many in four colors — the booklet has been published at no increase in cost. It attempts to interpret the law rather than paraphrase it. Topics are grouped on separate pages and bodly captioned for easy reference. A reader who wants to know how to get a driver's license or register his car can quickly find out by referring to a table of contents.

Clearly identified subjects include: rules for starting, turning, and stopping; speed limits; freeway and mountain driving; vehicle equipment and smog device requirements; the drinking driver; the pedestrian; what to do in emergencies; obtaining a driver's license; California's financial responsibility law; registering a vehicle; special rules for servicemen.

Featherweights Added To Arena Ring Card

Two hard-hitting featherweights, Frankie Crawford and Memo Morales, will round out the main bouts of San Diego's major boxing night at the San Diego Sports Arena on Monday, March 31 at 8:30 p.m.

Morales, Featherweight Champion of Lower California, will test the veteran Crawford in a ten round bout.

Headlining the card will be the Middleweight Championship elimination twelve-rounder between top ranked Luis Rodriguez and Mexico's Middleweight Champion Rafael Gutierrez.

San Diego's own unbeaten heavyweight Ken Norton will fight awesome 6'4", 235-pound Pedro Sanchez of Puerto Rico in the other ten round battle on the card at the Arena's first professional boxing night.

Featherweight contender Frankie Crawford has been ranked consistently in the top ten of boxing's featherweights for his victories over such fighters as Mando Ramos, Bobby Valdez and Tony Alvaredo.

Crawford is managed y Robert Conrad, star of the Television series "Wild, Wild West". Conrad will work Crawford's corner at the Arena during the fight.

The final fight on the four-bout card, a four round preliminary, will be announced later.

Tickets are priced from $3. Ringside seats are now on sale.

Gulls In Windup Game

The San Diego Gulls will battle the Phoenix Roadrunners in Phoenix tonight, then take on the Roadrunners again tomorrow evening at the San Diego Intenational Sports Arena in the windup of the season's last big homestand.

After tomorrow's game, the Gulls will be on the road for three games before closing out the season at the Sports Arena on Sunday night, March 30, against the Portland Buckaroos.

The first railroad bridge across the Mississippi River was between Rock Island, Ill., and Davenport, Iowa, and was built in 1856.

Girl's Basketball Reaches New Heights At Monte Vista

by SCOTT McGAUGH
Monte Vista Sports Correspondent

A relatively new sport at Monte Vista High School is that of girls basketball.

Yet in a few short years the sport has grown to the extent that the Grossmont League is considering moving the games to night and charging admission next year.

And Monte Vista could easily handle the change as the Monarch female roundballers are currently cruising along undefeated in league play. The closest they have come to losing is winning by 28 points over Grossmont.

In more recent action however, the Monarchs dunked the El Cajon Braves, 59-2, last week in the Monarch gym.

Debbie Yaddow led all scorers in hitting 17 for the Monarchs. She has scored 47 points in her last three games and is the primere player in the league.

But not far behind her is Monarch Sue Thuerman. Sue has been hitting 50 per cent of her shots and is averaging around 10 points per contest.

A tenacious Monarch defense has been the key so far as the female roundballers forced the El Cajon Braves into committing 42 turnovers in one game with 17 coming in one quarter.

With Miss Yaddow and Miss Thuerman usually accounting for half of the Monarchs' offense, Stephanie Stainback, Debbie Walter, and Miss Herr have all done well on offense and defense.

Arch-rival Mt. Miguel will take on the Monarchs in their toughest league battle of the season.

M.V. HS Names Cheerleaders

Students at Monte Vista elected their 1969-'70 cheerleaders recently.

New Junior Varsity cheerleaders are Jody Conlon, Maureen Gaddis, Laurie Hart, Pattie Jones, Carol Olsen, and Saylor Wright. Varsity cheerleaders are Jann Archer, Becky Christensen, Patti Larabee, Allison Margulis, Jan Newak, and Gail Wozniak.

The JV and Varsity cheerleader candidates were first introduced to the student body during an after-school assembly March 6. Each girl trying out for Varsity was asked to give a speech stating why she wanted to be a cheerleader and also why she thought she would make a good one.

El Cap Lake Opens Today

Larger now than it has been in the last 20 years. El Capitan Lake located eight miles east of Lakeside on El Monte County Park Road opens today for a fishing season lasting into the fall.

The rain-swollen lake of almost 1,000 surface acres will offer far more fishing areas and, with its current fish population, should provide excellent fishing for years to come, according to Orville Ball, City Lakes Recreation Superintendent.

Already known as one of the finest warm water fishing lakes in the West, El Capitan will feature San Diego County's famed Florida bass and channel catfish as well as some crappie, bullhead catfish, walleyed pike and, later in the spring, blue gill.

"The Florida bass will go up to 12 pounds or better and the channel catfish should average five to six pounds, going up to 12-15," Ball said.

El Capitan will operate on Thursday, Saturday and Sunday from sunrise to sunset. Tent and trailer camping are offered at nearby Lake Jennings County Park and picnicking at El Monte County Park. Boat rental and launching ramp for private craft are available at El Capitan.

James R. Brega Accepted By Whitman College

James R. Brega of Lemon Grove is one of 128 students accepted for admission to Whitman College, Walla Walla, Wash. in the shool's early decision program.

Early decision students do not include all new students who will enter the college next fall. They are persons who stated that Whitman was the college of their first choice.

Tennis Tourneys Set For Juniors

Two junior tennis events for San Diego County residents will be held in San Diego Balboa Park later this month under sponsorship of the San Diego Tennis Patrons Association and the San Diego Recreation Department.

They are the historic 35th annual Ink Memorial Tournament set for March 22, 23, 29, 30 and the ninth annual Wilbur Tetley Easter Junior Tournament to be contested on March 31, April 1, 2 and 3. Both events are set for Morley Field.

The "Ink dates back to 1935 when a retired businessman, Harper H. Ink, held a huge free tourney in cooperation with City and County Schools and the Recreation Department. Following his death the tourney reverted to Tennis Patrons sponsorship, but the divisions remain the same: Boys and Girls Senior and Junior High, Elementary-age youngsters may play in the junior high classes.

Silver perpetual trophies are engraved with the names of winners and a sportsmanship trophy is presented.

The Tetley Easter event offers 60 divisions of play instead of four, since it has beginners and intermediate as well as advanced classes and includes both singles and doubles in the five U. S. Lawn Tennis Association age groups.

Entry blanks for both events are available at tennis centers, through tennis pros or at the San Diego Recreation Department.

A.A.U.-Union-Trib Tourney May Draw 300 Amateur Boxers

The Sports Arena and 37 Metro ticket agencies in the city and county have placed tickets for the National Amateur Athletic Union boxing tournament April 17-19 on sale. The arena also will accept mail orders.

Being held here for the second time, the tournament could draw as many as 300 entries, director Ralph Smith believes, because of increased interest in amateur boxing throughout the country. The San Diego Union and Evening Tribune sponsored the 1967 competition and will do the same this year.

"We're going to have a huge field and from what I hear we're going to have some outstanding boxers here for the tournament," Smith said.

A price range has been established for the tourney. Reserved ringside seats for the first two nights will be $5, reserved lower level and loge seats will be $3 and adult general admission will be $2.

There will be an increase in prices for the closing day, but tickets will be good for two programs — semifinals at 2 p.m. and finals at 8 p.m. Reserved ringside seats will be $10, reserved lower level and loge seats will be $5 and adult general admission will be $2.

Military personnel and juniors 16 and under will get a break in ticket prices for the tournament. They will receive $1 off on reserved lower level and loge seats, in addition to general admission, every day.

Fights will start at 5 p.m. the first two days in two rings at the West end of the arena, but only one ring will be used the final day. The East end of the arena will be closed off and this is expected to allow for better viewing.

Bowlers Vie In City Meet

The San Diego Bowling Association Men's City Tournament is in progress.

In first results from the Golden Bowl, 9805 Campo rd., Spring Valley, Ed Groins jumped to an early lead. Groins bowled games of 232, 256 and 246 for a 734 series.

Running a close second with a 720 series is John Baynes who had games of 257, 215 and 248.

Both series were bowled from scratch.

Robert Smull bowled a 279 to record the highest single game in the tourney after first weekend.

More action is slated in tourney competion. The last weekend of the tourney is set for March 22, 23.

Sharon Smiley Tops BWL Bowling

Lemon Grove Business Women's Bowling League, which aids in support of the group's Plaza Beautification project, reports Sharon Smiley scored high woman's game of 188, and 505 series for the first week of March.

Tom Stoner held men's high scores with a 236 game, and 593 series. Illegal Leaguers scored high team game of 813; high series of 2285 was won by the Leaguers for the week ending March 4.

Seasonal high scores were held by Kay Speaks, a 218 scratch game; Thelma Northrop, a 550 series; Elva Cooper, a 242 handicap game; and Ella Nelson, a 665 handicap series.

Otto Bennett led with a men's high game of 255; Lawson Willingham, a high series of 632; Gene Horrall, high handicape game of 269; Art Chappelle, men's high handicap series of 708 for the season. Wasps scored a 875 high team game, and Headhunters a 2447 high team series for the season.

Mrs. Fred W. Scheneman has served as publicity chairman for the 1968-69 club term, in the absence of Mrs. Joseph H. Woody who is residing in Northern California at the present time.

A new slate of officers will be presented March 20 at a luncheon-meeting at Sexton's Steak House on El Cajon blvd. in San Diego.

Flood Waters Hit From Below

It wasn't rain that inundated several Casa de Oro yards and a two-story flat March 7, it was thousands of gallons of water rushing from a 12-foot split in a ten-inch pipeline. The break was at Buena Vista dr. and S. Cordova.

Navy Radarman First Class Matt Connell of 3619 Cordova and his family, and Mr. and Mrs. M. D. Beatty of 3619½ suffered the most discomfort during the incident. Water reached a nine-inch depth in the two-story flat and the Connells' belongings were soaked.

According to a Helix Irrigation District official some 20 homes were cut off from service from early morning to 1 p.m. when repairs were made.

Major cleanup is now completed and mud and silt is being removed.

Cause of the break is being investigated. Helix Irrigation District officials think the break was due to one of three reasons: construction in the area involving blasting which could cause tremors to split the pipe; water with rapid temperature change which can cause iron pipe to break; presence of a condition described as "hot soil" which attacks and eats away pipe.

Winners Named In San Miguel's Poster Contest

Eighteen Lemon Grove youngsters won awards in the seventh annual patriotic poster contest at San Miguel Elementary School last week.

Winners were: Cheryl Parson, Jennifer Whiting and Deanna Jackson (1st grade — "Our Flag"); Maria Garcia Marcy Smith and Debbie Gordon (2nd grade — "Patriotic Music"); Marlene Riska, Serita Young and David Young (3rd grade — "Our Freedoms"); Steven Kawamoto Michael Lehmann and Karla Oxe (4th grade — "This is My Country"); Joseph Reoux, Virginia Houser and Dennis Gipson (5th grade — "America First"); John Healy, Becky Butram and Greg Lusitana (6th grade — "Brotherhood").

Each grade level selected a title for this year's contest. Original lettering and illustrations were required.

Student Council President Grant Taylor presented ribbons and awards to the winners at the March PTA meeting. Mrs. Charles T. Harris and Mrs. Frank M. Tirpak were chairmen of the contest.

Judges were Palm Junior High School art and social studies teachers.

County To Count Noses; House-to-Housers Needed

A special census which could bring San Diego County more than one million dollars in added revenue during the next 15 months has been authorized by the County Board of Supervisors.

The special census will begin April 14 and is expected to require 10-15 days to complete.

The special census will be conducted in the unincorporated area of the County under the direction of the State Department of Finance. The cities of Carlsbad, Del Mar, Imperial Beach and San Marcos will also have special census taken at the same time. These cities can also qualify for additional revenue.

RESIDENTS' COOPERATION REQUESTED

The taking of the census will be in the public interest since it will help the County obtain its rightful share of revenue distributed by the State.

Therefore, the cooperation of all County residents is requested in providing information to the enumerators.

Enumerators will identify themselves and ask a few questions similar to those asked in a federal census. If no one is at home when the enumerator knocks he will leave a yellow notice at the door.

The resident, at that home, is requested to telephone the number listed on the card to avoid repeated return trips by the enumerator.

Motor vehicle license fees and gasoline taxes collected by the State are distributed to counties and cities on a population basis. Presently, San Diego County receives its revenue based upon a certified population estimate of 1,194,000 made in 1965 by the State Department of Finance.

The County Planning Department estimated the County population at 1,320,500 as of July 1, 1968, or 125,500 more than the 1965 figure. With this increase in population the County should realize a gain in revenue of over $600,000 for the current fiscal year. A similar revenue increase will also be allocated for the 1969-70 fiscal year.

The special census will be conducted under the supervision of the State Department of Finance with the cooperation of the County Chief Administrative Office and County Planning Department. Vincent Quasarano, Associate Planner for the Planning Department, will act as the local coordinator.

The County is seeking applicants for some 325 temporary enumerator positions that must be filled before the survey can start. Interested persons can obtain application forms at the County Personnel Department, Room 403 County Administration Center, San Diego, 92101.

Applicants are desired from all parts of San Diego County.

The enumerators will conduct the census on a door-to-door basis. The census takers will work for about 10 days and must be willing to work 6-8 hours a day including evenings and on Saturdays. The pay will be $1.75-$2 per hour.

Pig Power Must Be Stopped, Says Black Panther Leader

Militant Blacks Here Will Resist Indictments

The San Diego Branch of the Black Panther Party in a conference with the press recently charged that the grand jury is planning mass arrests and murders among its members

The conference was called at the Party's headquarters at 2910 Imperial ave.

Walter Wallace, Party Defense Captain, in a news handout, said that the Party would defend itself. Wallace would neither add to nor reduce any part of the handout.

The news release is published in its entirety in the interest of informing area readers of the Panther posture in nearby South San Diego.

The racist, exploitative pig power structure and their pork chops, we mean the U.S. organization (a black organization) and other provocateur agents sent into the Party (two informers have been caught and kicked out by the San Diego branch of the Black Panther Party) are bent on destroying the local leadership — the San Diego Black Panther Party central staff.

This press conference is held to let the community know that bald-headed US (black group) organization niggers working with the F.B.I. and local pig (police) forces, are staging some lying bull--- and some murderous activity, similar to what happened in L.A. to our Deputy Minister of Defense, Alprentice "Bunchy" Carter and John Huggins, our Deputy Minister of Information.

Planting (entrapment) of marijuana in some responsible Black Panther Party members' homes and persons and lying (telling lies) at doo fronts are present tactics. Arrests immediately follow such plants of marijuana.

For what?

They're done to try and draw the community away from the correct teachings of our Minister of Defense, Huey P. Newton, "On the Correct Handling of a Revolution" and other teachings that engender the need for the Black Panther Party here in San Diego.

Those who accuse the Black Panther Party of erroneous activity are the ones bent on destroying its leadership.

On the west coast, some 10 members have been killed in the last year. And in defense of our lives, some 8 pigs (police) have been killed, according to information that has been received from reliable sources.

Any kind of indictments (grand jury or federal) that are planned to try and make mass arrests and murders of Panther members is no more than the murder of Bobby Hutton a year ago and the murder of "Bunchy" and John Huggins in L.A. last month.

Don't expect the Black Panther Party to say anything in public about what we are going to do.

What we're doing first is informing the community we all should expect, that is, we all must defend ourselves when attacked by pigs and pork chop cultural nationalist niggers.

The community can stop the pig power structure and their pork chops by denouncing them as atrocious, murderous greedy men, bent on exploiting the black community (that's Black Capitalism, what Karenga and the US organization use). And capitalism put us in slavery, and it's go all other oppressed peoples in semi-slavery in this country from the students and workers, to the employed and massive unemployed black peoples.

The Black Panther Party says that we know the masses of the people aren't stupid like the pork chops and pig power structure thinks.

Let's defend! Let's stick together, "wage a people's revolutionary struggle for the freedom. Power to the people.

Walter Wallace,
Defense Captain
San Diego Branch
Black Panther Party

Foreign Students On CdO PTA Program

Four Monte Vista high school girls will relate impressions and life in foreign countries tonight at 7:30 at the Casa de Oro school PTA meeting.

The girls, two Americans who studied abroad and two girls now studying here — all under the sponsorship of the American Field Service.

To provide the program are Azucena Reyes from Uruguay, Gabriele Muschalek from Germany, and two Monte Vista girls Sue Papike and Kathy Phillips. Sue recently returned from Australia and Kathy from Sweden.

Interested youngsters are invited to attend with their parents.

An unusual ceremony featuring 20 foreign flags will be presented by Carol Hilbert's Camp Fire Girls.

Hostesses will be second grade mothers.

One of the Greek legends was that kingfisher birds had powers to stop storms.

HOW AFSers VIEW NEWS AND U.S. — Azucena (Susana) Reyes (L) and Gabriele Muschalek (R) supplied pulchritude at the March 14 meeting of the Spring Valley Rotarians. Miss Reyes from Trinidad-Flores, Uruguay and Miss Muschalek from Bochum-Linden, Germany, spoke of unrest and student probelms in their countries; they also told that they found Americans somewhat different from the stereotyped version. Both girls are active in Monte Vista High School's extracurricular programs and both were Honorary Homecoming Princesses.

Susan Duffy Is 'Loyola Belle'

Susan Duffy, of 7570 Calvocado dr., Lemon Grove, was chosen one of the Loyola Belles at Loyola University of Los Angeles.

She attends Immaculate Heart College.

Belles are chosen each year from the seven women's colleges in Los Angeles. Girls are judged on poise, personality, friendliness, enthusiasm and personal appearance.

During the academic year Miss Duffy will attend more than 70 events with the Belles, including orientation, athletic and cultural events, picnics and formal dinners.

Storm's End Leaves ½"

The storm died on Wednesday last week with squalls that left .50 inches of rain here and the sun broke through again encouraging grass and weeds.

The rainfall for the season, since July 1, totaled 15.14 inches — more than five inches more than was registered on the same date the year before.

Cottons can be treated mechanically and chemically to avoid shrinkage of more than 1% in either direction.

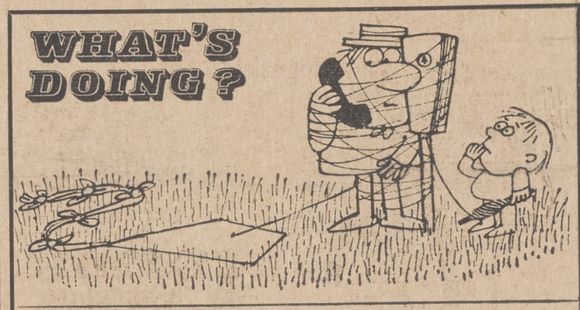
WHAT'S DOING?



TAKING THE "NO" OUT OF "NO ANSWER" is the job of the telephone answering services. These businesses (not a part of Pacific Telephone) answer the phone for people who need to receive calls at all hours—people like doctors, lawyers and salesmen. Since the first answering service was established forty-four years ago, the number in California has risen to more than 600, serving over 100,000 clients around the clock. These services are just a part of the expanding range of telephone uses. You'll find them listed in the Yellow Pages of your phone book.

Here's a reminder for you when you fill out your income tax return. If you have a question, the Internal Revenue Service can answer it by phone. You'll find the number of your nearest office in the white pages of your phone book under the heading "United States Government, Internal Revenue Service."

Just for a chuckle: the story has it that a little old lady called the Operator for help in getting a shorter cord for her telephone. With exquisite logic she coached the Operator, "Now I'll hold my end of the line and you pull hard on yours. *That* should take up some of the slack!"
